## Supplies:

- 14 or more tiny boxes
- 12 or more small boxes
- 4 yds. silver satin ribbon
- 4 yds. sparkle ribbon
- thin silver ribbon
- wire wreath frame
- hot glue and gun
- florists wire
- wire cutters  
(don't ruin your scissors)

Boxes wired on, no lids.

Back before ribbon.

Back after ribbon.

## Instructions:

I bought a wire wreath frame at the craft store, along with silver ribbon and florists wire. Each small box is wired on to the frame and then I hot glued the lid on. (I wrapped the frame with satin ribbon after I'd attached the boxes but you can barely see it from the front.) I printed out the sample Gift Certificate and simply tied it on to the front with the thinner ribbon.

As they enter, each guest can see that they can buy Gift Certificates too!
